Please Note:

1. Area pastors will consult among themselves to make sure that subsidy is not requested from more than one parish.
2. Parish records will be used to determine if a family requesting subsidy meets the three requirements mentioned above.
3. If a parish decides to subsidize a child (children), the parish will inform the school of the decision and the amount of subsidy. The school, in turn, will reflect that amount in its monthly tuition billing statements to parents/guardians.
